Objective

As an engineer I always look forward to work in challenging environments to gain richer experience and enhance my skills, and I also admire working under international standards to promote my abilities.

Experience

- ♦ **Great man maid river project** Aug-2017 - Ongoing
Mechanical Engineer
 - Maintaining and supervision of the hydraulic system of the pipes.
 - participating in the overall operations.
 - Maintenance of submersible pumps and all types of valves.
 - writing and submitting technical reports.
 - Help with the future plans of preventive maintenance and emergency maintenance.
 - Leading the maintenance team in some trips.
- ♦ **Private schools** Jan-2015 - May-2017
Math and physics teacher
 - lesson planning.
 - evaluating of students level.
 - Designed end of year assessment.
- ♦ **Taibat for food industry** Jan-2014 - Dec-2014
Maintenance Engineer
 - Maintaining production lines.
 - Monitoring of boilers and condensers.
 - Providing weekly reports to the supervisor.
- ♦ **ACTED Org.** Oct-2023 - Dec-2024
Working for ACTED as a WASH (Water, Sanitation and Hygiene) office.
 - Supervising the distribution of water trucking.
 - Coordination and communication with affected municipalities.
 - Preparing the bill of quantity of each WASH project.

Each of the following projects was supervised by me:

 - Performing drinking water pipelines in many affected locations in Jabal Al Akhdar.
 - Establishing a rainwater drainage network in the city of Shahat.
 - Maintenance of the sewage network in the Al-Mukhaili area.
 - Maintenance of an underground water well in the city of Shahat.
 - Supplying a water analysis laboratory.
- ♦ **PUI Org.** April-2024
Working for PUI organization as a trainer for the following courses:
 - Water and sewage network design.
 - Water well maintenance technology.
 - Submersible pump selection and maintenance.

Education

- ♦ **University of Benghazi** 2013
Bachelor-Engineering
2.64

Skills

- ♦ Adaptability
- ♦ Critical thinking
- ♦ Leadership
- ♦ Technical hand skills

Achievements & Awards

- ♦ Renewable energy resources (100hr)
- ♦ Hydraulic in pipes
- ♦ Star CCM+

Interests

- ♦ Free diving
- ♦ Camping

Languages

- ♦ Arabic - first language
- ♦ English - intermediate leve
